

STEP 1 | This Item Includes

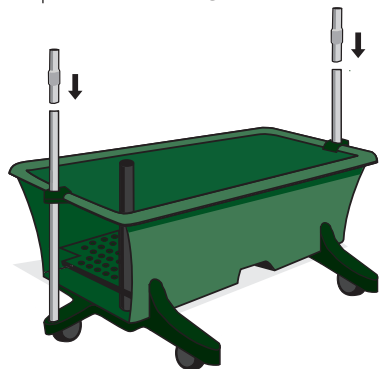

The EarthBox® Extension Kit includes 4 Straight Connectors, Netting, and 2 Identical Aluminum Tubes. Make sure all components are handy before beginning your assembly. No tools are required.

STEP 2 | Disassemble Your Staking System

Disassemble your Staking System until it looks like this. Please set aside top bar with T-connectors for later use.

STEP 3 | Insert Straight Connectors

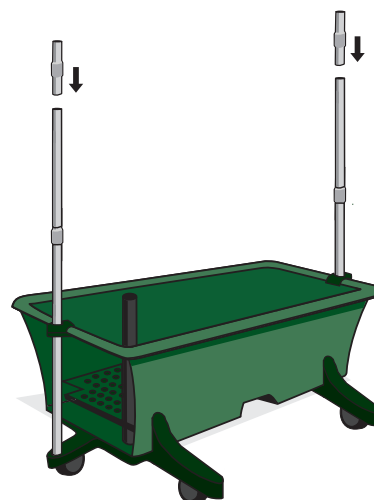

Slide straight connectors into the vertical tubes.

STEP 4 | Insert Vertical Tubes

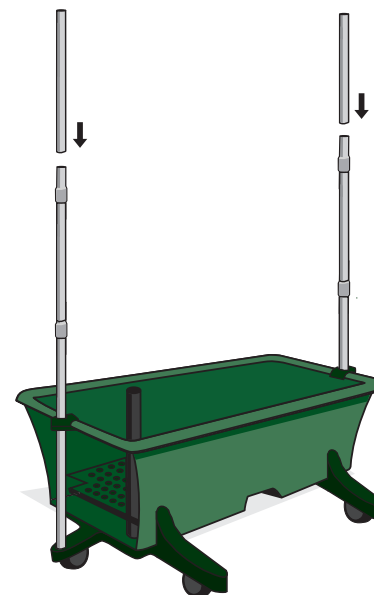

Insert two tubes vertically onto top end of straight connectors.

STEP 6 | Repeat Step 3

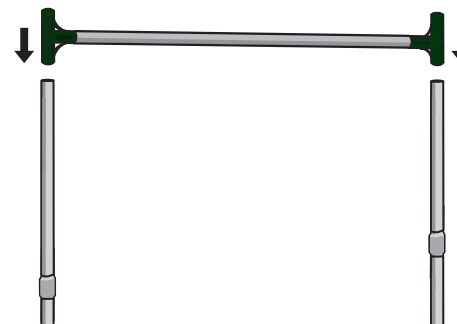

Slide straight connectors into the vertical tubes.

STEP 7 | Repeat Step 4

Insert two tubes vertically onto top end of straight connectors.

STEP 8 | Add Top Cross Bar

Place the Top Cross Bar previously set aside into each end of tube to be used as the top cross bar.

Continued on flap

STEP 9 | Add Netting

Hang netting over top T-connectors. Tie netting to top tube at equal intervals. Tie netting to vertical tubes at even intervals, starting at the top and working down.
