Item Name:	Mineral Alkaline Water Ionizer
Item Size:	37*18.5*39.5cm
Material:	food grade ABS
Color:	white
Weight	N.W: 5.5kg/pcs; G.W: 6kg/pcs
Packing	1pcs/box, 40 *20.3*44 (cm)
	3pcs/CTN, 42*62*46(cm)
	1x20'''(GP)=630pcs
	1x40''' (GP)=1260pcs
	1x40''' (HQ)=1650pcs

What is it: JS090(A/B)	It is a mineral alkaline water ionizer, which can convert the regular tap water into alkaline and ionized water by the excellent 6 filters, including 13 kinds of minerals.
What is in:	Excellent 6 filters with PP cotton, Calgon Carbon KDF Calcium sulfite, Compressed Active Carbon, Ultrafiltration Membrane, Activated Alumina Ion exchange resin, FIR Energy Beads Mineralization ball.
Main Function:	<ul style="list-style-type: none"> ◆ Weak alkaline between 8.5-9.5, improve your systemic acid/alkaline balance, enhance immunity and creates better health. ◆ Make the water with low OPR ◆ Provide an abundance of negative ions and natural far infrared ionization, make the body to be more energetic, more dynamic, more spirit and not easily tired.

- 1) Low negative ORP that could provide strong and measureable antioxidant potentially for anti-aging, which makes you younger
- 2) Weak alkaline between 7.5-9.5 that improves systemic acid/alkaline balance, which could enhance your immunity and make you healthier.
- 3) Purify the tap water, remove the bacteria, and eliminate the chlorine and other harmful substances.
- 4) Creating refreshing and great-tasting drinking water that makes your coffee and tea more aromatic.
- 5) Tiny water molecules create absorbable water, eliminate the redundant greases from your body, which could help to remove fat, keep fit and prevent from high blood pressure, high cholesterol, other diseases.
- 6) Providing an abundance of negative ions and natural far infrared ions to make the body more energetic and dynamic.
- 7) Reducing the hardness of tap water to prevent scale-happening for your household appliances so that lifetime of your household appliances will be prolonged.
- 8) Remove the fluoride out of your tap water to offer clear and healthy drinking water for your family, even little baby and child.
- 9) The Filter Cartridge should be replaced after about 10,000 liters water about 12 months:-
